

## The Power of Weakness

I have encountered so many regrets in people's lives of not having fulfilled the destiny they felt they had in life, and feeling like it is too late. All the "would have, could have, should have" flood their minds!

Well, I would like to tell you a true life story as told to me by Luis Barboza the right hand man of the greatest Argentine evangelist in modern times. My purpose in sharing these stories is to encourage you to believe that it's NEVER too late to make a difference! Oh how we need supernatural encounters with God.

In the late 1970's and early 1980's a man name of Ilino Ybano in Finland, was dying of cancer in a hospital. He was almost 70 years of age. Exhausted of strength and health, Ilino still continued to ask the Lord that if there was any way his life could still be useful to bring forth much fruit for His glory, in spite of his terminal condition that the Lord would find a way to do so.

As The Lord had suddenly appeared to Moses at the burning bush, so also The Lord surprised Ilino by showing up in his hospital room.

In this supernatural encounter, The Lord told Ilino many things. He said He would heal him, and that he would bring forth a great revival to Finland, and many other places in the world. The Lord also told him that before He took him home to glory, He would use him to ignite a holy flame in 5 people who would become great harvesters in the kingdom. The Lord also told Ilino, that when the moment came He would be instructed as to who these individuals were.

Before leaving the room, The Lord touched Ilino and healed him miraculously. In the three short years that followed, Finland experienced a tremendous revival. Thousands healed saved and delivered through the extraordinary ministry of this man who according to Luis Barboza, was noted in history records as one of the 10 most influential men in Finland.

Along the way, The Lord led Evangelist Ybano to the 5 individuals whose lives he was to ignite for the great harvest in Christ's kingdom. The last of these took place on a trip to Argentina.

During special meetings there, the Lord led Ilino to a young man who had just recently been converted under the ministry of evangelist Manuel Ruiz who as a diplomat for the country of Panama was on a diplomatic trip to Argentina and holding Christian crusades in the evenings. Ilino prayed and anointed this young man for the harvest and told him he was the last of the 5 people God has sent him to anoint. The name of this young man is Carlos Anacondia. Carlos is known today as the greatest Argentine evangelist in modern times.
